

Amendments to the Specification:

Please add the following new paragraph after page 8, line 24:

It should be appreciated storage medium may be used to store programs to control the handheld device 10 or server or computer 24. Hence, storage medium may also include computer readable code stored on the storage medium to interact with a computer 24 having a database 25 with computer files 26 as to be described further hereinafter. Storage medium may be any material constructed to hold digital data in conjunction with storage devices to include but not limited to optical disks, magnetic disks, magnetic tape, compact disks, magneto-optical e.g. MO disks, flash drives and the like.
